

THE BIZZ PHONE

**One business number.
More ways to stay connected.
Imagine a phone that gets you customers.**

Professional calls on your mobile, at your desk, or on the move.

Built for South African SMEs

A professional number that works where you work

Keep business calls separate from personal calls without tying your team to one desk.

On mobile

Answer business calls wherever the day takes you.

At your desk

Connect a Yealink desk phone when your team needs a fixed point.

On the web

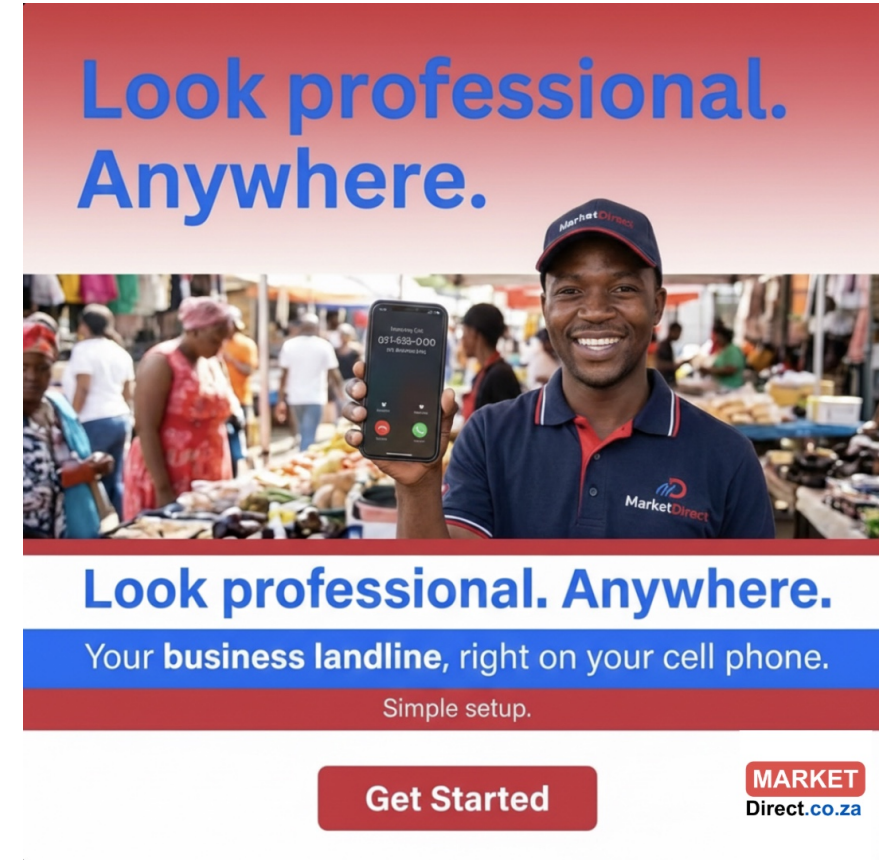

Use PC and web apps to keep conversations moving.

WHAT IS INCLUDED

The tools behind a ready business phone

The Bizz Phone Lite includes the core features a growing team needs to sound ready.
